

# Centre for Community Outreach and Care

## Report to Health and Human Services Faculty Council

November 24, 2014

Ashleigh Martinflatt

This Faculty based centre was approved by Faculty Council. This is the pilot year and involves six students; we are in process of building relationships.

One of the most exciting is building a relationship with the [Resiliency Lab](#) (Psychology Department) and looking into how we can bring this and our Outreach Centre together.
